LL5953

TUCK'S POST CARD.

CARTE POSTALE. POSTKARTE

Tay Fridge, Dundee. This wonderful feat of engineering skill, two miles in length, is the Railway Viaduct across the Firth of Tay. The first Tay Bridge was destroyed in 1879, during a terrible hurricane. A train that was passing across at the time was precipitated into the water beneath with appalling loss of life.

(FOR ADDRESS ONLY)

Raphael Tuck & Sons' "OILETTE" [Regd.] *Postcard* 7323. "DUNDEE."
